ESW and Jot Digital partnership to expand Cloud and IT services offerings.

FOR IMMEDIATE RELEASE

Calgary, Alberta, November 14, 2022 – ESW I.T. Business Advisors and Jot Digital Inc. (Jot) are pleased to announce a new partnership with Jot Digital, a leader in Cloud transformation. The partnership seeks to expand ESW’s Cloud offerings and deliver the latest business technology solutions to clients across North America.

A combined force

Together, ESW and Jot will offer a rich portfolio of [IT Business Consulting](#), [Microsoft ERP Solutions](#), Advanced Cloud Solutions, Custom Application Development, App Modernization, and Operation Technology Optimization, along with enhanced traditional IT services such as Managed IT Services, Security Solutions, Microsoft Modern Workplace, Managed Print and Field Support. The partnership offers advantages for all businesses invested in streamlining and modernizing their IT systems.

Better together

For Graham Plett, President of ESW, partnering with Jot is a strategic move.

“Jot brings another level of value-added services to our combined customers who need to keep accelerating value as they move more services to the Cloud.

For Ian Hedgeland, President and CEO of Jot Digital, the partnership offers an extraordinary growth opportunity.

“We are a much stronger full-service tech company now. With ESW, we can deliver faster response times and better customer service to all our valued clients. We aim to provide a fair-priced solution focused on keeping small to medium-sized businesses operational and secure while within an efficient footprint.”
